

# DT300 ALFALFA

## PERFORMANCE TRAITS

- Epic Drought Tolerance for Dryland Applications and Short Water Years
- Good Summer Regrowth for Maximum Yield Potential
- Exceptional Traffic and Grazing Tolerance for Longer Stand Life
- Moderate Salt Tolerance When Needed
- Superior Winter Survival for Harsher Climates
- Medium-Tall Plant with Dense Leaf Canopy for Improved Forage Quality

## AGRONOMICS

	1-5
Fall Dormancy	3.5
Winter Survival	1.5
Fast Growth Rating	2.0
Yield Rating	4.0
Forage Quality	4.0
